

Full Time Specialist Neurological Physiotherapist – Hobbs South East Inpatient, Outpatients and Community

Start Date: ASAP

Contract: Full Time Permanent (part time/flexible hours may be considered)

Pay: From £30-36,000; commensurate with skills and experience

The Role

An exciting role has arisen for an enthusiastic and skilled neuro clinician to join our therapy teams at Hobbs Rehabilitation. This post will offer rotations across our inpatient centre at Bramshott Grange, Liphook and Outpatient / Community clinic in Liss.

You will possess good experience in neurological rehabilitation across the clinical pathway. The successful applicant will work as an integral member of the multidisciplinary team, managing complex clinical rehabilitation and discharge planning. The post offers prospects of working with neurotechnology, emerging research projects and excellent opportunities for clinical development in your area of interest.

Duties and Responsibilities

- To be an autonomous physiotherapy practitioner demonstrating a high standard of assessment and treatment skills within neurological physiotherapy practice
- To formulate and implement individual treatment programs based on comprehensive knowledge of evidence-based practice and treatment options, with support from our clinical lead
- To work within a multi-disciplinary team, communicating with a wide range of clients and health professionals
- To support service development projects across Hobbs South East and Bramshott Grange, which may include neurological rehabilitation, neuro technology and vestibular rehabilitation
- To actively participate in Hobbs training and education programs
- To support the wider Hobbs team and provide physiotherapy cover at other sites as required

This job summary gives a general outline of the post. It is not an exhaustive list of duties and is not intended to be inflexible. It may therefore be amended from time to time in consultation with the post holder.

Skills & Experience

- Recognised Physiotherapy degree qualification or equivalent
- Previous experience in neurological rehabilitation
- HCPC registration
- Member of the Chartered Society of Physiotherapists

- Knowledge and understanding of treatment approaches and adjuncts to treatment in the management of patients requiring neurological physiotherapy
- Documented evidence of Continuing Professional Development (CPD) including reflective practice
- Ability to work flexibly and adapt to the changing needs of the service
- The successful candidate must have a full driving license and be prepared to travel to training and community visits.

How to apply

Please send a CV with covering letter to Laura Harman, Hobbs South East Team Lead via email: lauraharman@hobbsrehabilitation.co.uk
