

Your centre of excellence

Hobbs

Bramshott Grange

Hampshire

Independent provider of specialist
residential neurological
rehabilitation services

Neurological Specialists

Placing you at the centre of your care

"Hobbs
therapy services
are delivered by a very
experienced team. I have seen
them do some remarkable work
using a variety of equipment and
very much hands-on.

They take a great care to consider
their client base holistically and
offer a first class service."

Robert Page

Hobbs Rehabilitation
together with Dormy Care
provides an inter-disciplinary
residential service run by experts
in neurological physiotherapy,
occupational therapy, speech and
language therapy, neuropsychology
and orthotics, to help ensure that
every individual can reach their full
potential.

We treat all neurological conditions including Stroke,
Acquired Brain Injuries, Multiple Sclerosis,
Parkinson's Disease and Spinal Cord Injuries.

Bespoke rehabilitation programmes are designed with up to **four
hours therapy per day** in a luxurious home from home setting.
